It's All a Matter of Choice - Ruth Solomon 2012-04-03

A novel about two ordinary people who find an extraordinary love. Emmet Barrows lived a very sheltered life until Anita Bowen walked into it and turned his world upside down. As a man who had next to no experience with women but desperately wants to change that, Emmet has to deal with the fact that a pretty young woman is attracted to him. And when it comes to the polite, generous young man, naughty Anita plans on breaking him in the right way. "It's All a Matter of Choice" is a sweet, funny straight-forward romance that turns quite explicit, steamy and erotic. We can feel Emmet's growing apprehension, and also his growing love for Anita, who has a secret that could eventually come between them and end their new relationship. Emmet isn't about to let that happen. There are dark moments and disturbing portrayals of life as well, brought on by the appearance of John Bowen, the deadbeat dad who is at the bottom of Anita's difficulties. He's a hard man who doesn't easily take no for an answer. Can Emmet handle him? With its laugh-out-loud humor, blushingly awkward moments and believable characters that round the story out, "It's All a Matter of Choice" is the kind of novel that leaves you panting for more, yet with a belief that yes, love conquers all. Read it. You'll be glad you did.

Volkswagen T4 1990-2003 - Richard Copping 2013-11-30

Here, Volkswagen enthusiast and prolific author Richard Copping examines, for the first time, the complete story of the T4 from the Transporter concept originated forty years before its presence at VW's Hanover factory, through its development period and full production life. Topics covered include: the background story 1949-1990; design concept to production in the 1980s; full analysis of the T4's specifications; face-lifted Caravelles and Multivans from 1996 onwards; petrol- and diesel-aspirated engines including the VR6, V6 and 2.5 litre TDI; the T4 story in the USA - the Euro Van and finally camping conversions. The complete story of the Volkswagen T4, produced between 1990 and 2003 and the first book in the English language to have been written, illustrated and published solely about the T4, beautifully illustrated with 300 colour photographs - a sparkling mixture of archive and modern-day imagery.

Beneath the Visiting Moon - Jim Hooper 1990

The VW Camper Van - Mike Harding 2013-05-23

It was invented immediately after the war, in the factory a far-sighted English military man had set up to turn the German economy from making machines of warfare to more pacific products. By the seventies that dream had been amply fulfilled, as the VW Campervan became the conveyance of choice for West Coast hippies, Australian surf bums and Europeans taking the overland route to find enlightenment and good karma in India. It had also become - indeed, still is - the first choice for any couple, or family, seeking a cheap camping holiday with wheels attached. So never mind the oddly off-centre driving wheel, the vagaries of the aircooled rear engine - the VW Campervan had become more than a vehicle - it had truly become a way of life. Mike Harding's first ride in a Volkswagen Camper Van was back in 1961, when it was the carrying around the gear and bandmembers of his rock band the Manchester Rainmakers. Finally, in 2009, he could wait no longer, and bought his own, a 2001 Type 2 bay window Brazilian import Danbury conversion in hot orange and off white. Add in the endless curiosity of the author of eight monographs on church architecture, and the hilarious sense of humour of one of Britain's best stand-up comics, and you have a wonderful social history of the postwar years through the prism of a single transport icon.

Early Signs: Qabas, Volume 1 - Ifra'ah 2020-03-10

"As I was seated in remembrance and contemplation one night, in front of me appeared a great stag, shining and shimmering in whiteness, and there was a concentration of brilliant white light above its head. The stag was some feet away and was moving toward me. As it got closer, I could see that the white light on its head was emanating from a flaming brand, a torch, lit, glowing with brilliant white star-like light. The flaming brand, 'qabas' in Quranic Arabic, was as if a projection from the top of its head. The stag came straight toward me, approached me until it was so near I could have reached out and touched it, and then the flaming brand that was on its head, was suddenly but so naturally, held by it in its mouth. The stag bowed its head and placed this flaming brand, this qabas at my feet, and disappeared. As this happened the following verse flashed through my mind, and I knew I had been given permission to spread the teachings that are coming to me, and I was given the name under which to do so; It is 'Qabas', a flaming brand; a torch for warmth and a light for guidance.

10When he saw a fire he said to his family, "tarry here, I have indeed perceived a fire maybe I can bring you from it a flaming brand or I can find guidance at the fire"***This is the first volume in the four volume Qabas series. It collects 40 poems, composed of four series of 10 pieces each, that are collected for the blessing and spiritual state of the number 40. These poems were penned by the author during the years preceding her formal initiation into spiritual training. Works written during the beginning, middle, and end stages of her training comprise volumes 2, 3 and 4 in this series.

VW Karmann Ghia Gold Portfolio 1955-1974 - R.M. Clarke 2006-07-15

The Volkswagen Karmann Ghia represents one of those unique collaborations between three companies in two different countries: the Volkswagenwerke in Wolfsburg, Germany and Wilhelm Karmann in Osnabruck, Germany, and the Ghia coachworks in Turin, Italy. It also represents the efforts of four men who have all gone down in automobile history for their achievements: Heinrich Nordhoff at VW, Wilhelm Karmann at Karmann, Mario Boano and Luigi Segre at Ghia. From the moment the pretty coupe walked onto the world's stage it went straight into the motoring Hall of Fame. Interestingly, where most coupes of the time had some pretense towards being sporting, generally with a mildly hotted up engine, the Karmann Ghia was simply stock VW Beetle from the mechanical point of view. In other words, it was still a 72-75mph car, it just looked great doing it! And that is why owners loved

it. By 1961 VW introduced the Karmann 1500 based on the Type 3 platform to supplement the original. It was nowhere near as successful and was withdrawn from production in 1969, long before its older and more famous sibling. There is a strong and enthusiastic following for the Volkswagen Karmann Ghia coupe all around the world, a movement that seems to grow each year.

Dionysius the Areopagite on the Divine Names and the Mystical Theology - Clarence E. Rolt 2007-10-01

First published in 1920, this book is a translation-the only known work of British scholar CLARENCE EDWIN ROLT (1880-1917)-of *On the Divine Names and The Mystical Theology*, by Dionysius the Areopagite, a first-century bishop of Athens. The author is often also referred to as "pseudo-Dionysius" because a variety of anachronisms suggest that the manuscript was actually written much later by an unknown writer. Despite the book's unclear origins, the writings are still greatly valued for their theological insight. Saint Thomas Aquinas often quoted from pseudo-Dionysius, as did many other famous and influential theologians and philosophers. Pseudo-Dionysius deals, here, with the Supra-Personality of God. Personality, by definition, is a quality limited to an individual. God, on the other hand, is the opposite of an individual. God is in all things, so one cannot speak of a personality for the divine. Rather, pseudo-Dionysius proposes a Supra-Personality, which describes aspects and qualities of the universal being. Religious scholars and Christians wanting a different understanding of the relationship between God and the universe will find this a challenging but ultimately thought-provoking study.

50 Years Porsche 914 - J. Lewandowski 2019

The Porsche 911's little brother... In 1969 a very special sports car was born. The 914 rose from a marriage of convenience of Volkswagen and Porsche, because both companies wanted a small, modern and affordable sports car in their product range, but for little cost. Thus, it was decided to combine the skills of both manufacturers. The result was a light mid-engine sports car with a lively road performance and even 50 years after its launch, it pleases the eye with a fresh design. Back then it was often ridiculed as a 'housewife Porsche' or 'Volk-Porsche', but now, the 914 has come out of the shadow of its big brother the 911 and has a huge fan base; today it lives on in the Boxster and Cayman models. This volume includes: the result of thorough research in the Porsche and VW archives; rich photography; all technical data; development, production, model history and racing appearances.

The Friends of Allan Renner - Dave Andrae 2021

Often laid back but sometimes excitable, Allan Renner is approaching forty and currently living in Florida in the guest quarters above his parents' garage. When he's not working as an online copy editor or as a production assistant on independent films, he often follows world cinema, fills his head with strange accounts of the paranormal, bonds with his dog, or shoots the breeze with his small cadre of friends around the country. It's through his dealings with these friends that we get to know Renner and how he truly comes into his own. There's Akhil, an alcoholic guidance counselor from India who studies cosmology and astrophysics in his spare time, when he's not busy boozing and reliving his failed courtship. There's Sadie, an adventurous blond rock singer who relocates to Minneapolis from L.A. after her band breaks up, and who men fight over. There's Fred, a half-black, half-Jewish filmmaker based in Brooklyn who gets in over his head when he invites the wrong person to an acting audition. There's Renner's father, Philip, a poker-playing couch potato, and his mother, Alice, an even-keeled bookworm, both of whom might be in for a rude awakening. There's Ruby, a mischievous, lovable Havapoo and Renner's closest companion, who gets Renner and herself into a jam. There's Carmen, an ex-clubber turned single mother from Lisbon who enters Renner's life not long before Hurricane Irma makes its way to Florida. And there's Xynnu, an alien-human hybrid and soldier of fortune who Renner and Ruby must rely on in order to

meet their destiny and discover certain secrets of the universe. Poignant, funny, and perceptive, Dave J. Andrae's debut novel, *The Friends of Allan Renner*, is an entertaining read. It combines adult literary fiction with sci-fi elements, romance, and no shortage of wry cultural commentary intermingled with skilled storytelling.
